Jabra Evolve2 vs Evolve Series

The Evolution of Professional Audio — A comprehensive comparison from TECHOM Shop for the modern workplace professional.

TECHOM SHOP

PROFESSIONAL AUDIO

2014: The Birth of a New Standard

The original Evolve series revolutionized workplace communication — establishing foundational standards for noise cancellation and UC reliability that would define a generation of professional headsets.

Noise Cancellation

Set the benchmark for passive noise isolation in open offices

UC Reliability

Plug-and-play compatibility with leading unified communication platforms

The Pioneer

Jabra Evolve2 vs Evolve Series: comparing the pioneer to the powerhouse

The Original Evolve Series: Foundational Features

Built for distraction-free office environments, the original Evolve lineup introduced plug-and-play simplicity for softphone users — making professional-grade audio accessible to everyone.

2020: A Shift in the Workplace Paradigm

Jabra launched the Evolve2 series as the new gold standard — engineered for hybrid work, remote flexibility, and superior focus as the needs of the desk worker fundamentally changed.

1

2014 Evolve

Office-first, desk-bound communication

2

2020 Shift

Hybrid work demands emerge globally

3

Evolve2

Portable, powerful, and purpose-built

Engineering Superior Concentration

4x

Better Noise Isolation

Compared to original Evolve predecessors

8

Microphones

Beamforming array for crystal-clear voice pickup

Advanced Digital Hybrid ANC

The Evolve2's advanced digital hybrid ANC actively filters background distractions — from office chatter to street noise — empowering deep, uninterrupted work in any environment.

Jabra Evolve2 vs Evolve Series: a generational leap in acoustic engineering.

Collaboration and Connectivity

Jabra Evolve2 vs Evolve Series: connectivity shifts from simple to seamless — the Evolve2 integrates AI-powered voice isolation and multi-device flexibility for the modern hybrid worker.

8-Mic Beamforming

AI-based voice isolation ensures you're heard clearly, even in noisy environments

Bluetooth 5.2 + USB-C

Multi-device connectivity for seamless switching between laptop, phone, and tablet

UC Platform Certified

Optimized for Teams, Zoom, Google Meet, and all major collaboration platforms

Design and Comfort Upgrades

Built for All-Day Wear

The Evolve2 features a refined headband design with premium memory foam ear cushions — delivering superior comfort during extended daily use without fatigue.

Fold-Flat Design

Compact and travel-ready for on-the-go professionals

Hide-Away Boom Arm

Retractable mic keeps the profile clean between calls

Enhanced Durability

Reinforced materials engineered for years of daily use

Smart Performance Metrics

Jabra Evolve2 vs Evolve Series: advancements in power and visibility set a new benchmark for professional headset performance.

37h	360°	2x
Battery Life	**Busylight**	**Faster Charging**
All-day power for the most demanding work schedules	Visual productivity cue visible from every angle	Quick-charge capability gets you back on calls faster

The Evolve2's busylight signals colleagues you're on a call — protecting your focus automatically.
